#### A VICTORIAN OIL LAMP

VICTORIAN OIL LAMP,  
the cut glass reservoir above a fluted brass pillar over an ornately pierced and cast squareform base, on bracket feet, with engraved globe shade and chimney, 76cm high, wired for electricity

#### Condition Report

Overall in nice condition. Very small chips to the top of the chimney (additional image uploaded), no visible cracks. Small chips to base of shade (additional images uploaded), no visible cracks but small discolouration also to base of shade. Cable has been fitted to the rear of the wick holder (additional image uploaded). Reservoir also in nice condition with no visible chips or cracks, some minor wear due to age. Pillar and base also in good condition.
