ATTRIBUTED TO HENRY RAEBURN, PORTRAIT OF A GENTLEMAN oil on canvas 77cm x 64cm Framed
Provenance: Collection of Elizabeth Wellings, Edinburgh

Condition Report

There is craquelure present across the entire canvas. Grime has accumulated at the bottom right of the picture. There is also a horizontal dent running across the top of the canvas, possibly caused by something leaning into the reverse of the painting. There is also evidence of two instances of crude restoration visible from the reverse of the canvas, both located at the top right of the picture. The picture is in fair to good condition.
